Separate Content Infrastructures on the Web?
Hamas and Fatah referenced video materials compared (8-9 November 2007)

**Question** Do Hamas and Fatah Web spaces share the same content in the form of YouTube videos?

**Method** Using lists of Fatah and Hamas-related sites, capture inlinks to each set of sites, using Yahoo Inlink Scraper. Query those sites that link to the Fatah and Hamas-related sites with tool Google Scraper for: "youtube.com/watch." The number of times a unique video occurs in unique sites in the Web spaces is calculated with tool YouTube Video Discovery. To find shared videos the top 100 of Hamas and Fatah Web spaces is compared using tool Compare Lists.

**Findings** Sixteen videos are shared in the top 100 most referenced videos in the Fatah and Hamas Web spaces. The majority of videos contains violent and/or politically charged content. The overall narrative style is symbolic or moralistic (symbolic real life stories). Two videos are removed due to terms of use violation. In the lower end of the most popular shared videos, more generally popular YouTube videos are found.

Mapping the Palestinian Web Space
Separate Content Infrastructures on the Web?
Analysis by Esther Weltevrede and Sabine Niederer.
